### Magazine Recognition Test:

Below you will see a list of titles. Some of them are the names of actual magazines and some are not. You are to read the names and put a check mark next to the names of those that you know to be magazines. Do not guess, but only check those that you know to be actual magazines. Remember, some of the titles are not those of popular magazines, so guessing can easily be detected.

Percentage Recognition of Magazines on the Magazine Recognition Test (N = 27)
